

Features

- Semiconduct fingerprint reader
- Metal case, anti-vandal
- Fingerprint access controller and reader, WG26 Input / output
- Capacity: 1,000 fingerprints and 2,000 cards
- Two accesses: card, fingerprint

Technical Specification

Unit Model	IDG-BC-6350W
Operating voltage	DC+12V±10%
Idle current	≤20mA
Standby current	≤80mA
Card reading distance	≥2cm
Operating temperature	-20~+50°C
Operating humidity	20%RH-95%RH
Fingerprint input time	<1S
Identification Time	<1S
FAR	<0.0000256%
FRR	<0.0198%
Structure	Zinc Alloy
